

they say, "we do it incidentally in connection with the study of English." It's going to be noticed."

Education for Adults.
At the night session, Mr. McAndrew dealt briefly on adult education. "Over 15,000 adults this year are taking instruction," he said. "Yet we have provided baby chairs and quarters that are not so attractive. A friend of mine used to say: 'The devil is a cheerful cuss.' Doesn't it strike you that we haven't made the schools attractive and cheerful for those who want to learn?"

In Michigan Senator Ferris told me the other day that we people are going back to school in unprecedented numbers. Seniors in his old age started to study geography. "Why do you do this?" some one asked. "Because I never learned geography before," said Seniors. In these new buildings we are planning to recognize the healthy appetite for learning. As long as healthy blood mounts to the brain so long you have the appetite for learning."

300 Per Cent More Schooling.
The history of the junior high school was given by Dr. Charles H. Judd, director of the school of education, University of Chicago.
Carl B. Raden, public librarian, dealt upon "neighborhood reading rooms in the schools. Karlston Hackitt spoke of them as centers of music. Lorado Taft as carriers of beauty, and Dr. Dundas, health commissioner, as promoters of health.

ATTACK MCANDREW

Charges against the board of education and Supt. William McAndrew came thick and fast in the mass-meeting of the elementary teachers at the Studebaker theater and the Playhouse, both in the Fine Arts building. The meeting was called by the Chicago Teachers' federation.

The teachers were told that their vote was not wanted in the administration of the school system and that back of the board's action was a movement to force new educational policies which the teachers would disapprove.

The speakers told them that their voluntary organization (Chicago Teachers' federation) would be the next body to receive the board's sanction. Miss Margaret Haley, the leader in that organization, and Ald. Wiley W. Mills (37th), a former school board member, declared that an amendment now before the board would be used as the first instrument in the destruction of any teachers' organization.

Amendment Teachers Fear.
The amendment is offered by Superintendent McAndrew and prohibits the circulation of certain literature in the schools and says that "no teacher shall receive any notice of any meetings."

"Do you get the meaning of this?" Ald. Mills shouted.
"All of this stifling the voice of the teachers is because the board is getting ready to make a raid on the salary schedules. When that time comes the members don't want any teachers' organizations to bother them."

"You are the only guardians of the children," Miss Haley said to the teachers. "The parents cannot be. You don't dare quit this fight. The board is out to break up your organizations."

Miss Haley charged the board is getting ready "to go after the teachers' salaries" and that is why it upholds recent marking of papers presented by teachers taking promotional examinations.

The meeting ended by voting to appoint a committee both of high school and elementary teachers to present their side to the public.

FLOOD WRECKS LENINGRAD; 10 DIE

LENINGRAD, Russia, Sept. 25.—(By the Associated Press.)—After two days of sales and floods, Leningrad (Petrograd) this morning resembled a hurricane swept city. Everywhere the flood, which swept in from the gulf of Finland Tuesday, left wreckage and ruin. The streets and boulevards, which are paved with wooden blocks, literally floated away while the population were made captives in their homes. Ten lives thus far have been reported lost.

All of the summer resorts along the Finnish bay have been submerged, while the magnificent former imperial residence at Peterhof is entirely flooded, causing irreparable damage to its priceless collection of royal antiques. The opera house and near-

ly all of the theaters of Leningrad were invaded by the waters and the scenery and costumes were ruined. An acute food shortage is being experienced, and the government has appealed to Moscow to send 6,000,000 pounds of flour, meanwhile threatening severe penalties for retail merchants who are attempting to raise the prices of foodstuffs.

Estimates have not yet been made regarding property damage, but it is certain it will reach millions. **Landslide Kills 15.**

BERNE, Switzerland, Sept. 25.—(By the Associated Press.)—A landslide last night obliterated a large part of the mountain village of Somvo, in the Tessin canton, crushing twenty houses into ruins and partially burying them. Fifteen persons were killed.

CROWE ORDERS JURY INQUIRY ON PENSION GRAFT

New allegations of plundering the pension fund for aged policemen, widows, and orphans brought action yesterday by State's Attorney Robert H. Crowe. He instructed Assistant State's Attorney William D. Smith to "make a cleanup of the mess" and to present all evidence of criminality to the grand jury.

Shelby M. Singleton of the Citizens' association, who made charges involving Attorney John P. Read, Trustee Peter S. Lynch, and others, was called upon by Mr. Smith to bring his evidence to the prosecutor's office today. Attorney Edgar J. Cook, who made a partial investigation for a council committee, was asked to submit proof of alleged wrongdoings.

Pension Increases to Be Asked.
Prosecutor Crowe's action followed varied attempts to stifle the inquiry begun by the committee of which Ald. Arthur F. Albert is chairman. As Mayor Dever said on Wednesday that the aldermanic investigation would be resumed, it is considered likely there will be considerable airing of pension disbursements.

Besides collecting "back pay" in the

names of widows and orphans and "splitting" the rightful pensions of others, the pension board, teachers are charged with having used other up to date schemes of looting the fund.

One of the first things to be done by Prosecutor Smith, Mr. Crowe said, will be to determine if there was a conspiracy in the matter of the pension increases granted to more than twenty former policemen.

Read, Thomas W. Whitson, and William J. Brennan are charged with charging, as attorneys, in the proceeds, which were about \$1,000, besides taking all of the increase for ten months or a year from each pensioner. One ex-policeman's name was apparently forged to a pension for increase.

Cosmo Case Questioned.
Another matter to be investigated is the purported payment of \$1,053 to Ella Callahan, widow of Dennis D. Callahan. According to the record she never was on the pension roll.

Attorney Cook said he would also ask that an effort be made to learn if Winifred Cosmo, widow of John J. Cosmo, had in "split" the \$4,000 awarded her on March 31, 1921, as back pay.

Another check is to be investigated, one made payable to Attorney Read and another man, said to have been for pension due the former policeman while he was in the penitentiary.

Trustee Lynch was so incensed at Mr. Singleton's actions that at Wednesday's board meeting he sought to have passed a resolution ousting the investigator from the office and defying the city council and all other organizations to investigate activities of the board.

Permanent roads are a good investment—not an expense

Why America Must Have More Paved Highways

Almost every section of the United States is confronted by a traffic problem.

Month by month this problem is becoming more and more serious.

Hundreds of cars pass a given point every hour on many of our state and county roads. Down-town city streets are jammed with traffic.

Think, too, how narrow many of our roads are, and how comparatively few paved highways there are in proportion to the steadily increasing number of cars.

If the motor vehicle is to continue giving the economic service of which it is capable, we must have more concrete highways and widen those near large centers of population.

Every citizen should discuss highway needs of his community with his local authorities.

Your highway officials will do their part if given your support.

Why postpone meeting this pressing need?

An early start means early relief.

SALVAGING GERMANY'S SUNKEN FLEET

(Kodak & Herbert Photo.)
Private firms working for Great Britain and utilizing the latest devices known to salvage experts are resurrecting the German fleet, sunk by the Germans at Scapa Flow in 1919. The vessels can never be reconducted, but the iron in them is believed valuable enough to make a handsome profit on the work.

his wife, Elsie Sweetin, which she sub-

sequently did.

While Hight was telling of his hopes

to escape the noose and minister to

the spiritual welfare of Illinois convicts

State's Attorney Frank G. Thompson at

Mount Vernon was going steadily

ahead with his plans of a prosecution to

send Hight to the gallows.

Ask About More Felony.

Mr. Thompson and Sheriff Holcomb

of Jefferson county had previously in-

terviewed Hight in jail here, question-

ing him as to whether he had bought

more poison than he had admitted in

his confession. Hight denied this.

It was during this interview that

Hight confessed to the prosecutor that

he does not want to be judged by the

grim Old Testament dictum he so often

preached.

Seeks for Compassion.

While he tells in one breath how he

kissed the chilling lips of his dying

wife—not because of sorrow or of love

but for joy because he was to be free

in life to the embrace of Elsie Sweetin

—he seeks in the next breath for com-

passion.

"What I need," he reiterates, "is

mercy—not justice."

The latter is what Pastor Hight will

get. Prosecutor Thompson points out:

untempered justice, strictly as the law

lays it down. For that is what the

prosecutor will insist upon. Although

the state's attorney will not say what

penalty he is to seek, he does not hesi-

tate to state what sort of evidence he

will present to the court.

Asks Immediate Trial.

Hight, now pacing his cell in terror,

today asked the state's attorney to call

a special grand jury, have him in-

dicted and tried at once.

But Thompson refused. He hasn't

his case properly prepared yet, he

says, and will not go into court with-

out an iron clad case.

Because of the speculation concern-

ing the penalty Thompson may be

expected to ask for Hight and his char-

acteristic mistress, the prosecutor was

asked today whether he had prosec-

uted many murder cases in his eight

years as state's attorney.

Often Demanded Noose.

After some thought, he replied that

he had prosecuted sixty-eight murder

cases and asserted that he has often

demanded the extreme penalty.

Judge J. L. Kern of Carmi, who is

scheduled to sit in the case, is known

as a dealer in justice under the strict-

est interpretation of law, and pleas of

mercy don't sway his rulings.

So, it is pointed out, the minister

boasting himself up in his cell with

talk of becoming a "prison chaplain"

probably will get find the "mercy" he

cries for, but the brand of strict jus-

tice that he does not want.

Feels Prison Needs Him.

He feels that his experience in life

has fitted him peculiarly to become a

chaplain in some gray walled prison

house.

"I believe I could administer well

to the religious, the spiritual needs of

men locked up in the penitentiary,"

he said. "I have seen all sides of life

yes, I believe I am peculiarly fitted

for such service."

Hope leaped up into his eyes. He

spoke eagerly: "Wouldn't that be bet-

ter than to have them hang me?" he

asked. "Wouldn't it be better to let

me do something useful with the re-

mainder of my life?"

And, still another hopeful thought

came to him. "That the whole uncom-

mon person killing business was the

result of a strange predestination. God's

will, or something."

"God may have let it all happen

so that I might be thrown in with the

transgressors," he added.

The Rev. Mr. Hight insisted he still

loves Elsie Sweetin and that she still

loves him. He did not know that she

had renounced him, sitting in her cell

miles away in Salem, and no one told

him. She said she never wanted to see

"that man," again—over—over—

over. "He made me do it! He made me do

it!" Elsie Sweetin said over and over

again. "Only for him I wouldn't be

here."

Visited by Brother.

Her brother visited her today. For-

mer Judge Conrad Schul of Mount Car-

mel, one of the ablest criminal lawyers

in southern Illinois, had been employed

as her counsel. A fight was going to

be made in her behalf. And C. C.

Sweetin, like father-in-law, had wept

with her and patted her on the shoul-

der.

Another of infinite mercy, this Chris-

topher Columbus Sweetin, father of the

dead Sweetin, known in the village of

Ima as "Old Lum." Despite his 68

years he rode last night fifty miles

over rough country roads to go to his

son's widow and to ask her to deed her

home to her boys, and today he says

that after all he doesn't want her

hanged.

"She is the mother of my son's chil-

dren," he said.

State's Attorney Thompson says

both Hight and Elsie Sweetin will be

tried for both murders. They will be

tried together.

ELISIE NEAR COLLAPSE

Salem, Ill., Sept. 25.—[By the Asso-

ciated Press.]—Continued refusal to

partake of food, coupled with the sio-

lous events of the last three days and

the loss of sleep, tonight had cast Mrs.

Elsie Sweetin into a state of semi-

consciousness, and jail attendants sug-

gested taking her to hospital, if she

showed no immediate improvement.

Symptoms of her mind having be-

come impaired since her confession

that she poisoned her husband at the

instigation of the Rev. Lawrence M.

Hight have become noticeable, officials

CARMARTHEN, Wales, Sept. 25.—

Malcolm Campbell, driving a 350 horse-

power twelve cylinder British Sunbeam

car, best the world's record for a kilo-

meter on the sands at Pwllheli. His

average speed was 146.16 miles an

hour. The Daily Mail says: "During

his successful attempt at the world's

record Campbell moved with a speed

greater than has ever before been at-

tained by a human being on land."

Campbell started two miles back along

the sands from his starting post, be-

cause the monster engine needed

time to warm up. The engine of the

car was originally built for airship

work.

FIND WIFE DEAD, FATHER HACKED, HUSBAND RAVING

(Picture on back page.)

Police of the East Chicago avenue

station last night were confronted

with a death enigma which never

may be explained, when they entered

a tiny frame house at 169 Hill street

and found Mrs. Nancy Sargis dead;

her father, Errama David, slashed by

means of a hatchet, but still alive, and

her husband, John, raving and break-

ing furniture like a maniac.

The woman, a bride of eleven months

and mother of a three weeks' old

baby, apparently had not been mur-

dered. Coroner's Physician Joseph W.

Springer, after an examination, said

she seemingly had died of fright or

heart failure. No mark of violence

was found upon her body, although

she was covered with blood. She had

been dead for several hours. The

baby was crying on the floor.

Sargis Battles Police.

The police arrested Sargis, 28 years

old, a janitor. He violently resisted

arrest. For hours he was so hysterical

the police could learn nothing from

him.

The father of the dead woman has

taken to a hospital, where, during

periods of consciousness, he told de-

tectives what little he knew of the

affair.

"I went to the house about 1

o'clock," David said. "I had arranged

to have a photographer make a family

picture. John, father of a hatchet and

WAR ON SPEED CONTINUES; ONE DEATH FOR DAY

Hundreds Arrested and Two Sent to Cells.

With hundreds arrested yesterday on charges of violating the anti-speed rules for motorists, there was only one death from automobile accidents, and in that case the driver of the car was not held.

The combined campaign of the police and the Speeders' courts continued. Many were fined, while two more were imprisoned in the Bridewell.

War Service Helps.

Only his ex-service man's button saved Edward Harrington, 1635 Dickson street, from a thirty day sentence for driving while intoxicated. Judge Philip J. Finnegan in the Chicago avenue court had sentenced him to thirty days and imposed a fine of \$25, when he noticed the button.

Finding Harrington had served in France for a year, the judge cut twenty-five days from the sentence.

Reinhart Johnson, 1212 North Central Park avenue, drew a sentence of ten days in the Bridewell and was fined \$25 and costs by Judge Joseph W. Schulman. Of nearly 400 violators in Judge Schulman's court, 229 were convicted and fined an average of \$15 each.

Evidence of the past laxity of the traffic courts was given in a statement of James A. Kearns, clerk of the Municipal court, which indicated that the fines collected in those courts had fallen from \$152,750 up to Sept. 1 last year to \$61,425 this year.

Baby Is Killed.
George Scheider, 2, of 2426 South Halsted street died last night. He was struck yesterday afternoon by an automobile while in front of 2415 South Halsted street.

Thomas Conroy, 7119 University avenue, who was driving with his wife when George was struck, took the child to the St. Paul hospital and notified the police. Conroy was not held.

Wins Divorce and \$400 a Month from E. F. Swift Jr.

Mrs. Marian Atchison Swift was granted a divorce yesterday and monthly alimony of \$400 from Edward F. Swift Jr., son of the packer. Mrs. Swift, appearing before Judge Joseph H. Babath, had testified briefly to acts of cruelty. For five years after the marriage in 1916, she and her husband were happy, Mrs. Swift testified.

INDICTMENT OF MEANS IN BRIBE CHARGE STANDS

New York, Sept. 25.—Federal Judge Foster today upheld the indictment of Gaston B. Means, former department of justice agent, his secretary, Elmer Jarnecke, and his attorney, Thomas B. Felder, on charges that they received money which they misrepresented was to be used in the bribery of former Attorney General Daugherty and other government officials.

The indictment was upheld when the court overruled a demurrer recently filed by Felder, in which he contended that the three defendants were not charged with the violation of any statute of the United States and that the charges were vague and indefinite.

Means, Jarnecke, and Felder were indicted by a federal grand jury last March on charges that they had received \$65,800 from officials of the Creager system and the Glass Casket company of Altoona, Pa., for purposes of alleged bribery.

They are accused of having represented to these officials, who had just been convicted of using the mails to defraud in the sale of stock of the Glass Casket company, that the money was to be paid to the then Attorney General Daugherty, United States District Attorney Hayward, and other government officials.

ABOARD ZEPPELIN ZR-3, Over the Island of Borkholm, Baltic Sea, Sept. 25.—(By Wireless.)

—We are crossing Borkholm at 11 o'clock tonight, heading toward Dantzig, which we expect to reach at 3 o'clock tomorrow morning, when we will turn toward Stettin. The weather is bad. It is raining and clouds are low, threatening a storm.

BERLIN, Sept. 25.—All world speed records for airplanes were shattered today when the "American Zeppelin" ZR-3 rushed through the Marburg-Cassel stretch at 150 kilometers (112.5 miles) per hour.

The ship is making its thirty or thirty-five hour final test flight. All conditions have been arranged to resemble the crossing of the Atlantic ocean in America, which under present plans will be attempted within a week. Ballast was replaced with fuel, oil, and gas, so the weight would be equal. The Zeppelin started out

in a rain, flew through heavy cloud banks, encountered winds and wind pockets such as are expected over the ocean.

Messages wirelessly from the ship during the day and tonight declared the motors were all functioning and everything is in good order.

Files Over Baltic Sea.

The test is routed over Friedrichshafen, Heideberg, Frankfurt, the island of Helligland, one of Germany's former great submarine, Zeppelin, and airplane bases in the North sea; Kiel, Hamburg, a cruise over the Baltic sea, Koenigsberg, Berlin, Dantzig, Bayreuth, and home. An opportunity is being given a vast part of Germany's population to cheer the air king.

Heideberg was reached in three hours, despite bad visibility and bad weather, necessitating low travel. Frankfurt was reached an hour later.

Greeted by Airplanes.

ABOARD THE ZR-3 OVER HAMBURG, Germany, Sept. 25.—[By the Associated Press.]—Six airplanes met the ZR-3 when she arrived over Hamburg today on a trial flight and engaged in a variety of stunts as a reception to the dirigible. Below the ship thousands of spectators and fluttering handkerchiefs could be seen.

The Americans on board the ZR-3 today are Capt. George W. Steele, Commander Jacob H. Klein Jr., and Lieut. Commander Sidney M. Kraus of the United States navy; Maj. Harold Gelger, U. S. A., Lieut. Karl Schmidt, U. S. N., and Jack Tolton, construction superintendent of the aeronautical department of the Goodrich Rubber company.

JURY VOTES TO INDICT GARBUTT IN HUNN SLAYING

Los Angeles, Cal., Sept. 25.—[Special.]—Indictment of Harry Garbutt for the murder of Mrs. Clifton H. Hunn, wealthy Chicago woman, was voted by the Los Angeles county grand jury late this afternoon, but was not returned in court owing to the lateness of the hour. The indictment will be returned next Tuesday. Announcement of the action was made by Deputy District Attorney E. J. Denison, in charge of prosecuting the case.

On advice of his attorney, Garbutt did not appear. Six other witnesses were heard. Nine year old Virginia Lee Welmer, a protégé of the dead woman, who called Mrs. Hunn "mother," and who cried during parts of her recital, was said to be the witness who decided the jury upon indicting Garbutt.

Although not legally adopted, Virginia probably will retain the name "Hunn" and go back to Chicago with the husband of the dead woman. Her parents are Mr. and Mrs. A. Welmer of Halfway, Mich. Hunn, much affected, drew Virginia to him and said he would like her to stay with him and call him "daddy."

Mrs. Hunn's safety box was opened today, disclosing \$10,000 in stocks and bonds, a few other securities, and \$700 in cash.

Hunn today made arrangements to ship his wife's body to Detroit for interment.

WITH NEARLY 80 varieties from which to choose, you'll never tire of these old-time, home-made candies. There's always a surprise in store for you when you open the box.

Will the "hyphen" parties in the Democratic column in the presidential election?

Smith of New York. The appearance here of the most forceful advocate light wine in the country, listed to the efforts to make Davis on the prohibition is early among citizens of traction.

The wet Democrats were barred by the Anti-Saloon movement of Davis. He thought all the time was it to take this course of such wet communities as Chicago. The platform is especially the same time the grapevines the tidings to the voters that Davis has a chance he would not veto light wine amendment of the act. It should be elected Democratic headquarters.

PARTIES SEEKING CHICAGO'S VOTE TO SWING STATE

Hyphen, Dawes Plan, Wet, Dry, Klan Issues.

BY ARTHUR SEARS HENNING.

Will the "hyphen" put Illinois in the Democratic column in the forthcoming presidential election?

The Democratic leaders, I find, are depending on the hyphenated American vote, chiefly in Chicago, to turn the tide of victory to Davis in this generally Republican state.

They see all kinds of reasons why large racial groups of voters should swing this year and they are devoting much time and energy to the promotion of Republican disaffection along that line.

Chicago Key Position.

The state outside of Chicago is controlled by the Democratic managers to Coolidge and the question of how Illinois will go on election day narrows down, they admit, to whether Davis can carry Chicago and, if so, by a plurality large enough to overcome the Coolidge plurality downstate.

If this is the basis of Democratic hopes in Illinois, the Jeffersonians might as well close up shop, say the Republican managers. According to their precinct polls both in Chicago and downstate, La Follette is drawing almost as much support from Democrats as from Republicans, with the figures indicating that Coolidge will carry the city as well as the rural districts.

Wants Second Davis Meeting.

George F. Brennan, Democratic national committeeman for Illinois, is so impressed with the possibility of Davis carrying Chicago that he has asked the nominee to return here for a great meeting to be held in the latter part of October, following the Chicago caucus of Gov. Smith of New York.

The appearance here of Al Smith, the most forceful advocate of beer and light wine in the country, is not unrelated to the efforts to make votes for Davis on the prohibition issue, particularly among citizens of foreign extraction.

The wet Democrats were visibly moved by the Anti-Saloon league movement of Davis, who they thought all the time was a wet, and it is to take this curse off Davis in wet communities as Chicago that the endorsement of the nominee on the platform is specially desired. At the same time the grapevine is carrying the tidings to the foreign born voters that Davis has given assurance he would not veto a beer and light wine amendment of the Volstead act if it should be elected.

Democratic headquarters minimize the

Democratic defections to La Follette, but counts on the entire German-American population, which is about 10 per cent Republican, supporting the Wisconsin senator. The Republican managers admit the danger in this quarter and are bestirring themselves to hold the Teutonic vote in line for Coolidge and Davis.

Stress the Dawes Plan.

The German-Americans are being reminded that the German government has based its hopes of the rehabilitation of Germany on the Dawes plan.

If, however, La Follette should get enough electoral votes to project the election into congress, business would be upset and American bankers would

refuse to make the necessary loans to Germany pending the outcome of the electoral fumble. The Dawes plan would be shelved for the time being, and the rehabilitation of Germany further delayed, if not frustrated. This, think the Republican leaders, is a consideration that will deter all thoughtful German-Americans from supporting La Follette.

The Italian-Americans, according to the Democrats, are off Coolidge because of his acceptance of the new immigration restriction law under which Italian immigration will be cut to a few thousand annually after 1927.

Some Other Factors.

The Irish-Americans who supported Harding conspicuously are said to be

back on the Democratic reservation, all except the Irish republic advocates. The Catholics are represented as cool toward Coolidge because of his failure to denounce the Klan by name in his Holy Name society address.

Priestly influence on the votes of men is reckoned by Catholic politicians themselves as negligible, but they admit that in the case of women it is far different. With women voting now, the priest is rated an important political power.

The Democrats have established a large bureau to promote Afro-American defections from the Republicans on the Klan issue.

KILLER OF GIRL IS HELD FOR ACTION BY GRAND JURY

Peter Vergolini, a steel worker, yesterday calmly told Gary policemen that he had murdered 9-year-old Anna Tomach, daughter of another steel worker. Following his confession, Vergolini fed his captors to a sand dune near Gary and uncovered the body of the little girl.

"I killed her," he said. "She screamed and I choked her to death." News of the confession so enraged neighbors of the murderer that an extra guard was placed at the Gary jail and plans were made to move the

slayer to Crown Point. The coroner's jury held Vergolini to the grand jury on a charge of murder.

The girl was killed Wednesday. Late that night Vergolini was captured on the outskirts of Chicago by Gary policemen.

As they drove to the Gary jail the man told his story. He said that he was a laborer, that he had been in America four years, and that he never had been able to stick at one job.

"I'm sorry I touched her," he said. "I was drunk." Vergolini will be given an early trial.

COURT IS ASKED TO OUST BOB'S N. DAK. ELECTORS

BY FRANK BUTZOW.

The Republican party has appealed to the courts to keep La Follette from stealing the election in North Dakota through fraud, deceit, and trickery. Legal action has been started to keep the La Follette slate of electors, masquerading as Republicans, off the G. O. P. ticket. The matter comes up in the North Dakota Supreme court Sept. 29.

Meanwhile the La Follette camp, bitter in its denunciation of the California Supreme court decision barring "independent" La Follette electors from the ballot in that state, filed an application for a rehearing late yesterday.

Must Use Socialist Electors. As the California situation stands now La Follette must use the electors of the Socialist party, which is supporting him. But in a statement at Washington Senator La Follette said many of his California supporters would prefer to vote for him through the medium of an electoral slate labeled "independent." He said he will make a vigorous personal campaign in California as a result of the decision, which was based on the California election laws.

Action by the Republican party in North Dakota was announced yesterday by William M. Buttrick, chairman of the Republican national committee. The North Dakota situation is said to be unprecedented in American politics. Summed up briefly according to the Republican viewpoint, the "Socialist Third party" electors seek election as Republicans, but have renounced their allegiance to Coolidge, are supporting La Follette and will vote for him if they are successful at the North Dakota polls.

Refuse to Withdraw. Weeks have been spent in negotiations to adjust the North Dakota situation, but the La Follette managers refused to file the resignations of the

N. Y. DEMOCRACY HITS AT U. S. RULE OF G. O. P. AND PRAISES AL SMITH

(Picture on back page.)

Syracuse, N. Y., Sept. 25.—(Special.)—Assailing corruption and crime in the Republican national administration, Francis E. Collins of Oswego, temporary chairman of the Democratic state convention here, sounded today the keynote of the Democratic campaign to reelect Gov. Alfred E. Smith and the entire state ticket.

After devoting more than half of his speech to national issues, Collins reviewed the record of Gov. Smith's administration, attacked the Republican assembly as an obstructionist body and declared that the keynote of the platform of the New York State Democracy was Alfred E. Smith.

The state committee met in advance of the convention today and organized. Much detail work was required in the task of naming the forty-five presidential electors.

The New York State Federation of Labor presented its platform requests today. One seeks a constitutional amendment leading to absentee voting and registration in the state. This is designed to permit traveling salesmen and railroad men to retain the ballot.

The other advocates generous increases in pay for inspectors in the state department of labor.

electors who offered to withdraw so Republicans honestly pledged to hold could be placed on the ticket. With this refusal Republican managers went to the courts.

Two separate actions were filed, one against the electors holding them into court to show what right they have to remain on the Republican ticket when they have renounced their party and are giving aid to a hostile movement. The other is directed against the secretary of state to keep them off the ballot and accept the names of electors selected by the regular Republican machinery.

Chairman Buttrick issued a long statement dealing with the "gigantic fraud" in North Dakota.

TEDDY JR. NAMED ON FIRST BALLOT FOR GOVERNOR

(Continued from first page.)

years, liberating it to match the progressive ideas advocated by Al Smith. It was considered good politics, but it came hard to some of the old timers.

Father's Footsteps. As the Spanish-American war contributed largely to the advancement of his father, so Theodore Roosevelt Jr., who brought into the limelight by the more recent struggle, in which he achieved an enviable record of gallantry and leadership. From it he emerged with the Distinguished Service Cross of the United States and the Croix de Guerre and Medal of the Legion of Honor of France.

His life offers in many respects a curious parallel with that of his father—one that may be further and more spectacularly demonstrated if he is elected governor of New York, the post from which the earlier Col. Roosevelt stepped to become Vice President and subsequently President of the United States.

States. The present "Teddy" is, as was his father, assistant secretary of the navy.

"Teddy Junior's" Career. Col. Roosevelt is 37 years old. He was born at Oyster Bay on Sept. 18, 1887. Educated in New York, he received a B. A. degree from Harvard in 1908 after only three years' attendance. Immediately after graduation he went into the carpet business, but abandoned it in 1915 to become a clerk in the brokerage office of Ertion, Grien & Jenks, a Wall street firm. Two years later he became a member of the firm of Montgomery, Clothier & Tyler, brokers, managing the New York office.

In 1916 he married Miss Eleanor Butler Alexander of New York. They have now three children.

He was in business when the war began. Then he went to France. When he sailed for France he was a major; when he returned he was a lieutenant colonel.

Many lay between. Late in June, 1918, he was cited for gallantry for keeping his men in the trenches of a difficult sector, standing with them against a rain of shells. He was awarded and for several weeks was incapacitated.

He was hardly back with his battalion when he was wounded again, this time in a successful attack to the southwest of Soissons, in which Pléisy was captured.

After the armistice Col. Roosevelt was a leader in the formation of the American Legion. As the movement

grew Col. Roosevelt's prominence in connection with it led to charges that he was striving to use the organization for political purposes. To this charge he countered with a statement of the Legion's creed:

"The fundamental principle governing such an organization must be non-partisanship. In national affairs an organization of this sort may possibly concern itself with politics, but not with political."

Candidate Issues Statement. Col. Roosevelt made the following statement when advised of his nomination:

"The Republican party has done me a very great honor, and I am deeply grateful. Our platform is sound, constructive Republicanism. I stand on it four square. President Coolidge has given this country an unequalled administration. We in this state will bend every effort to back up Calvin Coolidge."

MUKDEN, Sept. 25.—Gen. Chang Tso-lin today announced a victory over the Peking forces between Choyang and Chifeng, in a battle lasting seven hours. About 900 prisoners, eight guns, and 1,000 rifles were taken. The fall of Choyang is confirmed. The Mukden right wing is closing in on Jehol, which it hopes to capture shortly.

SHANGHAI, Sept. 25.—The desperate need for men on both the Chekiang and Kiangsu sides in the present war was shown today when the Chekiang authorities opened up two prisons and sent nearly 200 long time convicts to the front. A similar action at Nanjing also is reported here.

The chief feature of the fighting today on the Shanghai front was an air battle, the first of the war and the first in the orient, staged this morning on the Huangpu front by Chekiang and Kiangsu planes. The Chekiang forces sent four French made bombing planes to Huangpu, manned by Russian flyers, and bombs were dropped on both Taitung and Quinan with considerable damage reported. Before the planes could get away they were attacked by two Kiangsu planes and forced to return to their home base. Several shots were exchanged, but neither side suffered damage and the Chekiang planes returned to their base here about noon.

Little Fighting Near Shanghai.
The general fighting on the Shanghai line today consisted of skirmishing for positions, preparatory for a general offensive. The Kiangsu troops are trying to solve canal crossings by building pontoons of empty keroene lamps bought from local oil companies.

The action of the Chinese fleet, which formerly was attached to the Chekiang side of the fight, definitely lined up with the Kiangsu forces today, according to the admission of Gen. Lu Yung Hsiang, commander of the Chekiang troops, expressed gratification at the loss, saying the fleet cost him more than \$2,000,000 as was of no practical use, hence he was glad the cost of its upkeep must now be shouldered by Kiangsu.

CHANG CLAIMS VICTORY

(Chicago Tribune Foreign News Service.)
(Copyright, 1924: By The Chicago Tribune.)

PEKING, Sept. 25.—Gen. Wu Pei-

fu's headquarters today contradicted claims of Gen. Chang Tso-lin to victories in the Choyang district. They explain the actions as being only small local clashes between advance guards, as neither side is yet ready for a determined attack.

It is reported that the foreign consuls in Mukden have protested to Gen. Chang Tso-lin against the bombing of Shanhaiwan and Chingwantao because it endangers foreign lives. Gen. Chang replied that he intended to continue bombing and said the consuls should instruct all foreigners to leave Shanhaiwan and Chingwantao.

The government has formally protested to Japan against permitting Gen. Chang to use Dairen harbor for refueling vessels as warships to be used against the national forces.

Warn Against Air Raids.

The Dutch minister, as dean of the diplomatic corps here, today addressed a note to the Chinese government and to Gen. Chang urging that no airplanes be used against undefended towns, saying that if foreign lives or property were destroyed the powers would hold the authority ordering the attack strictly responsible. The note says the heads of the legations are resolved not to interfere in the present conflict, but they view with greatest concern the use of airplanes against other objectives than military forces, fortified places, or naval units.

The bombing of undefended towns was wanton destruction and a crime against the peaceful population, the note said. Peking contains foreign legations, and also many buildings of great historical value, and the bombing of towns and villages would have no military value, it added.

DAWES MUZZLES
JOB HECKLERS
IN MINNEAPOLIS
Happy Retorts Win Cheers
of Audience.

BY PHILIP KINSLEY.

Minneapolis, Minn., Sept. 25.—[Spe-
cial.]—La Follette hecklers who sought
to embarrass Gen. Charles G. Dawes
were hissed and howled into
silence by the crowd of 9,000 inside the
Minneapolis armory.
"We will take this opportunity to
thank the Lorimer-Dawes bank for
presenting a man in the gallery as
the Presidential candidate who is
worthy of his speech."
Burton K. Wheeler, who
spoke last night, had made
of this Lorimer loan and had
other ways sought to discredit Gen.
Dawes, as well as President Coolidge
and John W. Davis.

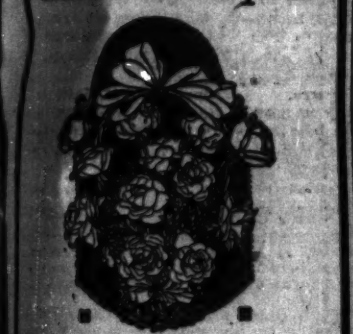

Dawes Shouts His Answer.
Gen. Dawes had not intended to pay
attention to the remarks of La
Follette's running mate, but this ques-
tion brought this reply:
"I saw what Wheeler said about
Coolidge, Mr. Davis, and my-
self. One paper said it was vitriolic.
I answered to me more like sulphurated
hydrogen, that leaves a smell."

The question was allayed by the
laughter and laughter that followed.
Early in the meeting, which came as
the climax of a day of intensive cam-
paigning in this state, which threatens
to elect La Follette, the general had
asked to name one instance
where Senator La Follette had ad-
vanced the overthrow of the constitu-
tion. The question came from a gray
man near the front while the
general was detailing the terrors that
would follow success of the La Follette
side in the election.

Gen. Dawes read from the La
Follette platform the following:
"We favor submitting to the people
a constitutional amendment providing
that Congress may by enacting a
law make it effective over a judicial
act of the land."

"This is the proposal in the La
Follette platform to amend the consti-
tution so that Congress may nullify
action of the courts," commented
a general. "You may not under-
stand it."

Hearty the crowd did, for they
with Gen. Dawes, who has not studied
psychology in vain.
Gen. Dawes continued, stamping his

right foot on the platform: "Why
does this vicious attack on the con-
stitution run all through the La Fol-
lette arguments? Because that is
what brought behind him the Socialists
who, in the words of Eugene Debs, are
adhering to their principles and keeping
the red flag flying in this campaign."

There were several thousand outside
who battled to get in, fought so des-
perately for sight and sound of the
famous candidate that the general him-
self had to get a police escort to get
into the hall. Overflow meetings were
addressed by Gov. J. A. O. P. F. and
Congressman Walter Newton.

"Coolidge or Chase."
Gen. Dawes paid particular atten-
tion to the women voters today. He
not two groups of Republican women
this afternoon and spoke to them on
the nature of the campaign.

"Coolidge or Chase" was the note
sounded frequently by the vice-presi-
dential candidate.
"What kind of a government do you
think we would have if campaign-
ers could pass a law telling you when

and where to go to church?" he asked
the people at Zumbrota.
"No government at all," was the
response.

His Poetize.
Gen. Dawes paid his respects to po-
litical "poetize and blatherers" as
follows at Redwing:

"If the people are sure that a man
is sincerely trying to do what he can
in their interests, they will follow
him. The people admire courage. The
hope of this country lies in leaders
like Coolidge, who stand up for what
is right and trust to the eventual sup-
port of the people instead of yielding
because of the temporary disapproval
of the people."

"In other words, stand by the man
who get up and preach common sense
to you and not behind some of these
political blatherers and poetizes who
are running over this country and
preaching all things to all men."

ALDERMEN FIND
CITY'S FUTURE IN
RAIL TERMINALS

BY WILLIAM LAWSON.

Montreal, Que., Sept. 25.—[Special.]—
Importance of a municipal program
for intensive development of Chicago's
railway terminal facilities was im-
pressed on the city council terminals
committee during its inspection of
Montreal's eight and one-half mile har-
bor today.

Study of the local port convinced
the aldermen that unless a Gulf of
Mexico to the Great Lakes waterway
can be realized, Chicago's future com-
mercial progress will be limited to the
extent of its railway terminals develop-
ment. As a result, the formation of
an ambitious plan to provide for the
city's probable growth during the next
twenty-five or more years has been
determined upon by the committee.

With its \$40,000,000 ocean harbor,
more than 1,000 miles away from the
sea, Montreal is the seat of Canada's

unalterable opposition to the St. Law-
rence-Great Lakes deep waterway
project. Such a scheme spells ruin for
the harbor traffic which has made
Montreal the second largest ocean port
in North America and the seventh in
the world in value of shipments, the
aldermen were told.

"Canada's opposition to the St.
Lawrence ocean route from Chicago
demonstrates the probable futility of
plans in that direction to make Chi-
cago an ocean port, and possibility of
Gulf to Great Lakes waterway is re-
mote," declared Ald. Edward J.
Rainald, chairman of the committee,
after the harbor inspection tour.

"The city's growth for many de-
cades, therefore, will be absolutely de-
pendent on development of railway
terminal facilities. The city, coop-
erating with the railroads, should under-
take at once the preparation of plans
capable of expansion and anticipating
the city's needs for the next twenty-
five or fifty years."

A special train on the Harbor rail-
road was placed at the disposal of the
committee, as was a boat from which
the aldermen viewed the port.

SUITS and OVERCOATS

Editorial

Once a Year—the woolen importers sell their
display samples—4 1/2 yards—just
enough for suit with extra pants in each
piece. They are all of the latest style
and the finest quality; mostly silk
worsted; all the new designs and
colorings—not one piece in this lot is
worth less than \$70 and up to \$90.

The mills sold them to me at
my own price because I am the
only tailor who makes suits with extra
pants, and I am the only tailor who
has the outlet for this big lot of fine
goods. Whenever I make a good buy
I always "let my customers in on it."

Here is what I did—divided
this big lot of fine woollens into
two groups and priced them \$35 and
\$50 for suit with extra pants made to order.
This is the most wonderful opportunity for
every man who wants a good suit. It
doesn't matter how much you intended to
pay for your suit, whether it's \$75 or \$100,
you'll find a pattern in this lot to please you
and the price will be \$35 or \$50.

I guarantee the finest linings,
the best workmanship and a per-
fect, stylish fit. The early buyers will
get the best selection. My store will be
open till 9 o'clock every evening this week
to accommodate those who cannot attend
the sale during the day.

Yours truly,
HARRY MITCHELL.

Elmer Hears Quaker City Celebration

BY ELMER DOUGLASS.

Was taken completely by surprise last evening. The first class of what was considered at 8:25 when WMAQ announced that at 9 o'clock, instead of 8, the speeches of a Philadelphia celebration would be broadcast. That was all news to this listener.

Here enough, promptly at 9 we were contacted with Philadelphia, and... "Good evening, ladies and gentlemen of the radio audience." (He didn't need to announce that it was Graham McNamee speaking.) "We are about to broadcast the speeches incident to the celebration of the 150th anniversary of the meeting of the first continental congress and the 250th anniversary of Carpenter's hall, being held in the Assembly of Music, Philadelphia."

So that's what's to take place, and President Coolidge is to speak! Anyhow, to get along. The twelve stations that were broadcasting this program were: Here's some more typical McNamee descriptive work:

"Carpenter's hall, where part of the celebration was held this afternoon, is as it was when first built during pre-revolution days. In true colonial style, white woodwork, two stories in height, and surrounded by a small tower, the structure of which is about sixty feet above the ground. Above this is a weather vane, which the British soldiers used as a target when they were quartered in that building."

Again: "When it was first built it was the finest building in the country and towered above the surrounding landscape. Today we find it only by walking down a small alley about 150 feet off Chestnut street. It was here that the historical first continental congress met, on Sept. 5, 1774. Ever walk down that alley?"

Mayor Freeman E. Kendrick of Philadelphia in his address expressed regret that so few could witness the festival that was given in the afternoon at Carpenter's hall. "It was an inspiration," he gave us a new impetus for Americanism, and in this important time in the history of our country we frequently need to see historical pageants like this."

There was tremendous applause when Mayor Kendrick introduced President Coolidge. The President's speech was filled with historical incidents of interest.

Solicitor General James M. Beck followed the President. He referred to the handicap of an aspirant of the occasion. It was historical, patriotic, and funny. Reference to a Washington dinner wine bill brought applause.

WHITE ROBBERY IN LAKE FOREST STILL A MYSTERY

Chicago and Lake Forest police yesterday sought a young man who held up and robbed Miss Hester White, daughter of the president of Armour & Co., at the White summer home in the wealthy suburb shortly after dinner Wednesday night. After all the servants and guests had been questioned, the police were at a loss to know how the bandit entered the home. None had seen him enter or leave, and only Miss White could give a description.

The robber wore a neat gray suit, had his face hidden behind a silk handkerchief, and wore gloves, said Miss White. His voice was low and the small hand that held the pistol was steady.

"He was not excited," Miss White stated. "He calmly asked me to remove my jewelry, slipped them in his pocket, and disappeared." The jewels were valued at \$1,500.

PARTIES VIE AT CHEERY PICTURES OF CAMPAIGNING

Down East and Far West Easily His, Cal Told.

(BY A STAFF CORRESPONDENT.)
Washington, D. C., Sept. 25.—(Special.)—While favorable reports from various sections of the country were coming into the White House to President Coolidge today, Democratic headquarters were upset and issuing frequent demands of the reports that Charles W. Bryan was doing everything but winning. Bryan was not properly supporting John W. Davis, Democratic presidential nominee.
Senator Key Pittman (Dem., Nev.) and Claude E. Swanson (Dem., Va.) insisted that the Republicans were so secure in the New England states that it was hardly necessary to make a campaign.
Representative Johnson (Rep., Wash.) also was a White House caller. He gave glowing reports of Republican progress in the west.
Far West for Cal.
"There is no danger so far as California, Washington, and Oregon are concerned," said Mr. Johnson. "All three states are ringing solidly for Coolidge. Davis is out of it in those states. La Follette will get some votes, but he does not even figure so far as carrying the states is concerned."

Going After Colored Voters Specially.

BY DONALD EWING.

Democratic chieftains, realizing as the campaign progresses that they have little chance of getting a majority at the polls Nov. 4, now are planning to concentrate on states where the fight is purely Coolidge-Davis in hopes of boosting their last resort plan of at least getting the election into Congress for a new fight there.
In furtherance of this idea plans were made at western headquarters yesterday for a concentrated drive among colored voters of Indiana and Illinois. Indiana is a state the Democrats are optimistic about and, though Illinois seems hopeless for them, they plan to have a try anyhow.
The latest news on John W. Davis' itinerary for his second western trip, which starts within a few days, is that he will make about three set speeches in Indiana and possibly two in southern Illinois—not counting numerous back platform talks en route. At the same time arrangements are being made to send a battery of colored speakers through these two states.
Plan the Issues.
In all instances the Ku Klux Klan will be made the issue, with the colored voters, Davis' slogan, N. J. speech, naming the Klan, will be cited. Attention will be called to Coolidge's silence.
William H. Lewis, colored, former assistant United States attorney general, who renounced the Republicans because he thought Davis' K. K. K. attitude favored his race, arrived in Chicago yesterday to organize colored Democrats of the south side and to start a speaking campaign.
Lewis will start through Indiana within a few days, speaking all along the southern border.
Indianapolis Books Davis.
Davis himself will speak in Indianapolis soon, it is believed, and he also has booked a speech for Springfield, Ill., early in October. From Springfield he will go further downstate.

INDEPENDENTS PLAN RALLY FOR HOPE THOMPSON

BY PARKE BROWN.

There were approximately 150 present yesterday at the Better Government association luncheon for its independent candidate for state's attorney, Hope Thompson.
That fact is considered significant as the luncheon was in the Casino room of the Hotel Morrison, where 500 attended a similar luncheon exactly a week earlier. At that time this was considered a demonstration of strength in the Thompson campaign.
Hopes to Fill Olympic.
The Better Government association is holding a public mass meeting for its candidate at the Olympic theater this noon. This is unusually early in the campaign for downtown noon meetings, which ordinarily come about the week before election, but the reform organization is confident of its ability to fill the Olympic.
Speaking at the Morrison, Thompson expressed confidence in his ability to fill the Olympic.
Am here for a few days to interview those who own land in Florida. Am in the market to buy well located acreage, both small and large. If you own any land in Florida that you want to sell, it will pay you to talk to me. Address

to close up disorderly resorts throughout Cook county. He also said he would force the sanitary district to discharge 500 political employees who perform no services for their pay.
Judge Hebel Praises Crowe.
State's Attorney Crowe's office made public an indictment from Judge Oscar Hebel, reading, in part: "I have had occasion to watch the conduct of cases by Crowe's assistants in my court. There have been many cases brought before me, and his assistants vigorously prosecuted all cases which they believed the evidence warranted, and, on the other hand, were just in cases where there was any question of reasonable doubt. From such prosecutions in my court, together with the other courts, his statement of the number of convictions is true, and as a result it follows that crime has been materially decreased."

Milk of Magnesia and Mineral Oil Now Combined

It has always been necessary to prescribe milk of magnesia and mineral oil separately, even though it has been generally recognized that to be most effective, they should work together.
Haley's Magnesia-Oil is a highly successful combination of both. It is harmless, causes no griping or nausea, and may be safely taken in large doses. Very palatable—no oily taste. Can be mixed with milk and given children without their knowledge.
The oil carries the magnesia straight to the lower bowel, the seat of most so-called stomach trouble. Both oil and magnesia work together. Their individual effectiveness is immeasurably increased and the result is much quicker and more positive action.
Get a bottle of Haley's Magnesia-Oil today. Most druggists sell it. If you can't supply you will mail postpaid on receipt of price. Trial size, 35c; family size, \$1. The Haley M-O Company, Indianapolis, Ind.

GIVES PURPOSE OF KLAN TO UNITE PROTESTANTISM

Kansas City, Mo., Sept. 25.—"Klan-kraft proclaimed and lived by a million people would destroy sectarianism and unite the Protestant Christians in America within a couple of decades," Dr. H. W. Evans, imperial wizard of the Ku Klux Klan, declared here today in his address on "The Klan Spiritual" before the second imperial klonoconvocation of the order.
"The millions enrolled and enrolling in the Klan—if they get the vision, and they will—are as certain to abolish sectarian bitterness in this country as it is certain that light dispels darkness," Dr. Evans continued.
"The Knights of the Ku Klux Klan," he said, "founded on the living word, and especially on the twelfth chapter of Romans, which is, as a matter of fact, a compendium of universal and rock bottom reform."

Held to Grand Jury for Killing in Rooms of Union
A coroner's jury yesterday held Harry Lipkin, 1303 South Kedzie avenue, a former business agent of the Jewish Bakers' union, to the grand jury as the slayer of Sam Goldfarb last Monday in a union row. The shooting occurred in union headquarters, 3420 West Roosevelt road.

Fountain of Youth Discovered

The most startling find of the age—Dyrell Spring—a Clear, Tasteless, Odorless, Laxative Water, where the sick quickly restore themselves to health without drugs.

Chronic Constipation, Torpid Liver, High Blood Pressure, Rheumatism, Gastritis, Neuritis, Gout, Weak Kidneys, Gall Stones, Catarrh of the Stomach and Bowels and many other disorders.

Costs Nothing to Try
COME OUT. SEE FOR YOURSELF. DRINK FROM THE FOUNTAIN OF YOUTH. IT'S FREE. BRING YOUR FRIENDS WITH YOU. HEAR WHAT THOSE WHO HAVE TRIED IT FOR DIFFERENT AILMENTS HAVE TO SAY ABOUT IT. But for those who cannot come to the spring, we give below a few suggestions. Read every word. Then put a stop to your suffering by giving it a trial.

"DYRELL" We would not run this ad unless every claim we make was backed up by the results from drinking the water.
"DYRELL" The only natural water of its kind, containing minerals not found in any other water in the world.

C. A. Coey of Palm Park, Ill.
Who Discovered the Famous Dyrell Spring.

Wonderful Results
Mr. Coey invites the public to come out to the spring, drink from this "FOUNTAIN OF YOUTH" free of charge and join the host of grateful ones who have been quickly restored to health by drinking this wonderful water.

F. W. Adams, 1344 Madison Park, Chicago, Ill., says: "I began drinking Dyrell Water as a test for high blood pressure. On August 3rd my blood pressure was 190; on September 6th, after drinking Dyrell Water for 30 days, it was down to 150 without changing my customary eating and living habits. I believe this great and remarkable improvement entirely due to the use of Dyrell Spring Water."

Francois W. De Bileux, 4724 Langley Ave., Chicago, Ill., says: "It seems like a GREAT BIG DREAM for any Spring water to accomplish in two months what thousands of dollars and ten doctors could not accomplish in twelve years. In 1912 I was poisoned with some dental work, and my whole system went wrong. I was swollen from head to foot; my heart failed to function properly, and for twelve years I suffered untold misery. The doctors gave me every known ailment in the almanac, and treated me for same. Result: condition from bad to worse. In May, 1924, I started drinking DYRELL WATER, my heart is now hitting on all six and the swelling is fast disappearing in my limbs. I can truthfully say the results have been so wonderful it seems like magic. So many people know of my affliction, now they are amazed at the MARVELOUS CHANGE. ASK ME I'LL TELL THE WORLD DYRELL SPRING WATER DID THE TRICK. WILL I RECOMMEND IT? WITH ALL MY HEART I'LL SAY I WILL. Believe me, Years Faithfully from now on."

Timothy Rice, 805 Kilmour Ave., Chicago, Ill., says: "I was ALWAYS TROUBLED WITH GAS PAINS. About two months ago a friend of mine gave me some of your water. I got RELIEF RIGHT AWAY, and since then I have drunk two quarts of it every day. I have not had any gas pains since."

R. N. Price, 9142 S. Winchester Ave., Chicago, Ill., says: "The writer and wife have been greatly benefited by the use of DYRELL WATER for the past three months for RHEUMATIC pains and HIGH BLOOD PRESSURE, and we take pleasure in recommending it."

M. Kennedy, 5646 S. Paulina St., Chicago, Ill., says: "After being troubled with HEARTBURN and CONSTIPATION for many years I find, after drinking five gallons of DYRELL WATER, that I am wholly relieved from these ailments."

Andrew A. Karol, 7139 S. Emerald Ave., Chicago, Ill., says: "I have been troubled with HEART TROUBLE and CONSTIPATION something terrible, and this water of yours SURE HAS DONE WONDERS for me. That is the reason I call it THE WONDER WATER."

A. W. Little, 8141 Vernon Ave., Chicago, Ill., says: "On January 15th, 1924, my case of HEART TROUBLE was pronounced HOPELESS. When I started using DYRELL my BLOOD PRESSURE was 90, and now after using 10 gallons of DYRELL WATER my blood pressure is 112 and I haven't had an attack while using the last 5 gallons. I RECOMMEND DYRELL WATER TO ALL PEOPLE WHOM DOCTORS PRONOUNCE INCURABLE."

Stephen P. Farley, 7337 Vernon Ave., Chicago, Ill., says: "I have used DYRELL WONDER WATER since April 18th, 1924, at which time I was under doctors' care, having stomach trouble and HIGH BLOOD PRESSURE. I am mighty proud to attest as to the wonderful benefits I have derived from the use of this water, and to SAY that after consuming a few gallons I WAS ENTIRELY RELIEVED OF MY STOMACH AILMENT, and I HAVE REDUCED MY BLOOD PRESSURE TO NORMAL."

Edith Sykes, 731 N. Michigan Ave., Chicago, Ill., says: "Drinking DYRELL water; it will reduce your weight in a very short time. Six glasses taken each day reduced my weight five pounds in one week. There are hundreds upon hundreds of other prominent people who have recorded the results after drinking DYRELL WATER. Many of these letters would seem exaggerated were it not for the fact that their condition today as compared to when they first came out to the spring bears out the truth of everything they say."

ALLIED TARIFF WALLS MEN TO DAWES

BY GEORGE SELL
Chicago Tribune Foreign News Editor
Sept. 25.—In a speech made in Kansas City, Mr. Dawes, president of the International Chamber of Commerce, said that the tariff walls erected by the United States against foreign trade were a serious obstacle to the growth of the world economy. He called for a more liberal trade policy that would allow goods to flow more freely across national boundaries.

OLD BILL WEANT, SADDLES WINNER OF AURORA RACE

BY FRENCH LANE

Aurora, Ill., Sept. 25.—(Special.)—That old campaigner Bill Weant, who has won the Aurora race for the last three years, today won the Aurora race for the last time. It was a victory fully as sensational as the one which Weant scored with his horse Fox in 1923, and he won the show money from Fox.

Lady Fox beat out a prohibitive odds on choice to take down the purse, the players having gone to Doc Horn, who had the green and red silks always in front, getting away from the barrier first and finally winning by a length and a half after withstanding a furious challenge from Doc Horn in the last sixteenth. Back of Horn came Dremmer, a long shot, and he won the show money from Fox.

The winner, which was quoted at liberal odds, clipped a fifth of a second off the track record, stepping the six furlongs in 1:12.5. Today's card offered another race that carried almost as much interest as the handicap, and the two features served to bring about another great midweek crowd. The headliner was a two-year-old race, and it brought the downfall of the sensational Midwest colt Little Seth, after he had won his victories in a row here. Farnell was the winner, shooting into the lead in midstretch, after running with the leaders during the early part of the race. Two long shots, Winnie O'Wynn and Brunetti, divided the rest of the purse.

Farnell was a fairly easy winner of the opening race, being an outsider in the betting when operations opened, but supported so strongly in the closing minutes that the price advanced sharply. Players Got Cleanly. The players got a terrible mauling when Francis Prince snatched victory from Dismal in the last strides in the second. Brown Rock, a new-comer to these parts, had been whipped on throughout the bet, and was crowded out of the money by Whitehouse in the stretch.

After Glenn won the fifth in Tandy style from Hasty and Harry Martin, the closest finish of the meeting came when Rocky Mountain got the verdict over Billy Star in the closing number. The finish was so close and both horses had been played so heavily that Billy Star supporters voiced a strong protest on the inside. Many were still displeased when the judges came out of the stand and surrounded them. But, except for the loud shouts of protest, there was no trouble. St. Martin was close enough to get the show money.

Opening Week Sets the Keynote of Fashion in Misses' Frocks, Coats and Suits

HERE are assortments that reflect the mode as it concerns every phase of the complete outfit for autumn, 1924. Frocks, coats and suits share in the straight silhouette that is the foundation of smartness, but with an elaboration of detail take on decided individuality.

A Toreador Costume Is Inspiration for Misses' Frocks of Silk at \$125

So the note of things "Spanish" in fashion finds expression in the frock with its blouse that simulates a bolero and the broad scarlet sash. Of black crepe with vest and cuffs of white crepe de Chine embroidered in black. Sketched at center. \$125.

Fur and Embroidery Enrich These Smart Coats of Soft Wool Fabric, \$175

In the elaborate detail of the sleeve lies the special fashion interest of the coat sketched, left. For a tight cuff closely embroidered flares with a band of fur that reaches to the elbow. Fur, too, forms the collar. In rust shade, brown, green. \$175.

Misses' Three-Piece Suits at \$185 Blend Fur and Fabric in Fine Harmony

There's a touch of braid to emphasize the tawny shading of the Japanese mink collar and cuffs in this suit. The embroidered "peasant" sleeves is an interesting detail. At right. \$185.

Fourth Floor, South.

STUDENTS' HIGH SCHOOL AND "PREP" Suits \$35 Two Trousers

The new two- and three-button style coats. Waistcoats that are cut bluntly. Trousers that hang full and straight. These are the details that show how smart the suits are.

The tailoring that has gone into the making of these suits is of that excellence which proves itself in continued service.

Fabrics (all those most in demand) fine in quality and "cravenette processed," which means increased wear as well as shower proof. This is a most important point. Briefly, suits far better than usual at \$35.
